REPORT
OF THE
DEPUTY MINISTER OF INLAND REVENUE

ON THE
INSPECTION OF WEIGHTS AND MEASURES, GAS AND ELECTRICITY

To the Honourable
The Minister of Inland Revenue.

SIR,—I have the honour to submit herewith my annual report on the inspection of weights and measures, gas and electricity, with the usual statements in connection therewith, for the Fiscal Year ended March 31, 1910.

1. The total revenue collected during the year for the inspection of weights and measures, was \$92,814.05, as against \$80,287.05 collected during the twelve months ended March 31, 1909.

2. The total expenditure was \$110,281.62 as against \$104,255.67 expended during the year ended March 31, 1909.

3. Appendix 'A' gives a summary statement of the receipts and expenditures of each inspection division.

4. In Appendices 'B,' 'C' and 'D' will be found a detailed statement of weights, measures and weighing machines presented for verification, verified and rejected during the year. The number of all descriptions may be summarily stated as follows :

INSPECTION OF GAS.

5. The total revenue collected during the twelve months ended March 31, 1910, for the inspection of gas and gas meters, was \$54,331.20, as compared with \$48,604.21, collected during the year ended March 31, 1909.
6. The total expenses were \$36,633.55 as against \$35,515.36 expended during the year ended March 31, 1909.
7. Appendix "E" gives a summary statement of the receipts and expenditures of each gas inspection district.
8. A statement of the illuminating power and purity of gas inspected during the year will be found in Appendix "F."
9. The illuminating power, where inspection has been made, has been as follows :—

Since the year 1896-97 the two services of gas and electricity inspection, which are conducted largely by the same staff of officers, have reached that point at which they have ceased to be a burden upon the general taxpayer, as shown below :—

* Exclusive of cost of standard instruments.

On July 1, 1909, there was brought into effect new schedules of fees for the inspection of meters, for gas and electricity, which it was expected would tend to decrease the revenue from these sources. Notwithstanding these reductions the excess of revenue over expenditure has increased. This has been due, to a great extent, to the increase in the use of electrical energy for light, heat and power purposes.

In the near future it may be advisable to further reduce the charges made in connection with the sources of revenue from both these services.

The kindred service of weights and measures inspection, it will be observed, earns about 84 per cent of its actual cost, the expenditure as already stated having been \$110,281.62 against a revenue of \$92,814.05.

As stated in my last report, the department has, in the last few years, sent out, for use in educational institutions, over seven hundred sample sets of metric weights and measures. The supply is now exhausted and no additional sets have yet been ordered.

I have the honour to be, sir,

Your obedient servant,

W. J. GERALD,
Deputy Minister.

INLAND REVENUE DEPARTMENT,
OTTAWA, June 9, 1910.
